Student should be successfully logged in and the dashboard should be displayed

Actual Result

To be filled during testing

Status

Pass / Fail

Severity (if failed)

Medium

## Test Case 02:- Login with Invalid Password

Test Case ID

TC-002

Requirement / Story Ref.:

System should reject incorrect login credentials.

Module / Feature

Login

Test Type

Functional / Negative

Pre-conditions

Student has a registered account

Test Steps & Input Data:

1. Open CU Online Portal
2. Enter valid username
3. Enter incorrect password
4. Click Login

Expected Results: System should not allow login and should display an appropriate error

Actual Results: To be filled during testing

Status: Pass / Fail

Severity (if failed): High

### Test Case 03:- View Course Registration

Test Case ID: TC-003

Requirement / Story Ref: student should be able to view available/registered courses.

Module / Feature: Course Registration

Test Type: Functions / Positive

Pre-conditions: Student is successfully logged in

Test Steps & Input Data

1. Log in to the portal
2. Open Course Registration
3. Select the current semester

Expected Result

The system should display the student's available or registered courses correctly

Actual Result

To be filled during testing

Status

Pass / Fail

Severity (if Failed)

Medium

Test Case 04 :- View Student Result

Test Case ID

TC-004

Requirement / Story Ref

Student should be able to view academic results

Module / Features

Result / Grades

Test Type

Functions / Positive

Pre-Conditions

Student is logged in and results are available

Test Steps & Input Data:

1. Log in to the portal
2. Open Result/Grades section
3. Select the required semester

Expected Results:

The system should display the student's courses, grades, and result information correctly.

Actual Results:

To be filled during testing

Status:

Pass / Fail

Severity (if Failed):

High

Test Case 05:- **Logout from Portal**

Test Case ID:

TC-005

Requirement / Story Ref:

Student should be able to securely log out of the portal.

Module / Feature:

Logout

Test Type:

Functional / Security

Pre-conditions:

Student is successfully logged in

Test Steps & Input Data:

1. Log in to the portal
2. Click the Logout button

Expected Result:

Student should be logged out and redirected to the login page. The previous session should no longer be accessible.

Actual Result:

To be filled during testing

Status:

Pass / Fail

Severity (if Failed):

High
